The best the Govt can do for those who give up/ lose Drivers License is to give financial aid to Community transport to increase their fleet and staff or to hire Taxis.
Community Transport, Central Coast where I live does a fantastic job and it's a great service.
I believe every part of NSW and other regions should have this service.
At Yallambee Village ,the elderly Residents are lucky to have the services of transport to Medical Appointments. But one vehicle cannot attend to the needs of all residents and that's where Community Transport steps in.
