

What activities or products would support you to prepare for the new Aged Care Act 2024?

I am a CHSP provider. I don't believe this will impact our services until 2027?

Other comments

I am concerned about the impact that income and asset testing will have on CHSP providers that deliver social support only - Consumers that will not be eligible for subsidized services will unlikely be willing to pay a full cost recovery fee to attend a social program as the cost will be too high. If consumers stop access social support this will have a detrimental impact on their health and wellbeing putting further strain on our health system in the long term.
