I'm concerned about the inclusions limit of 18hrs gardening. That is totally inadequate for a Hills property. We use 48hr/year from my package and an extra casual worker to keep the place just safe and bush fire ready. None if this goes on beautification.

We also need at least four hour domestic support (not just cleaning) per 14 days. It might be better to refer to domestic assistance as support workers do other work than cleaning.

The recipient should be able to allocate package funds according to their needs rather than a one size fits all basis.
