

Regarding: 158-15 Requirements for reports of quality care advisory body (see page 79).

Please correct the spelling for 'accredited practising dietitian' (practising is with a 's' - not a 'c', as in 'practicing'). 'Accredited practising dietitian' aligns with the spelling used by Dietitians Australia - see here: <https://dietitiansaustralia.org.au/seeing-dietitian-australia>. It also aligns with the spelling used in the strengthened Aged Care Quality Standards.
